He hoped that in the near future the Cambodia would participate as a member of IPC.

9. Discussion and consideration to revive the IPC Committee on Marketing

After a detailed discussion, the Meeting agreed to revive the IPC Committee on Marketing. It was further decided that as per the proposal the Chairman of the Committee has to be from the trade/industry. The IPC Secretariat is asked to follow up this with trade/industry in member countries for further action.

10. Discussion on developing the IPC Common Sales Contract

While considering the proposal, Mr. Sibi Thomas was opined that common sales contract may not be implementable since it has to get the acceptance by the buyers. However, Mr. Vidyasagar of India has mentioned that it can not be taken in the negative connotation. All raider clauses on the existing contract being followed need to be examined for having the IPC Common Sales Contract to protect the interest of the producing countries.

Mr. Grunsin Ayom of Malaysia supported the proposal and the terms and condition as well as contract parameters may be laid out for consideration. He also added that if such contract is exist with IPC, it can be used as a guideline for the exporters in producing countries.

The Meeting decided that the subject should be referred to the Marketing Committee and a draft on the IPC Common Sales Contract shall be placed for discussion and consideration in the next Exporters Meeting.

11. Discussion for establishing the IPC Arbitration Board

While discussing the subject it was opined that each member country has provision for arbitration. However if a provision for arbitration is available with the IPC, it would be useful for taking initial feedback. This subject will also be referred to the IPC Committee on Marketing for further discussion and consideration.

12. Consideration and adoption of the aggregated figures on pepper production, exports, import, domestic consumption and carry over stock (actual for 2010, estimate for 2011 and projection for 2012).

The meeting adopted the aggregated statement on pepper production, exports, imports, domestic consumption and carry over stock (actual for 2010, estimate for 2011 and projection for 2012 as given as Annex 13.
